

## INVISIBLE PROOFS

“For by Him all things were created that are in heaven and that are on earth, visible and invisible...”  
(Colossians 1:16).

Since the invention of the Nasa’s Hubble space telescope we the invisible has become visible. It no longer takes faith to believe God. Faith has become sight. For instance, the Hubble Telescope has photographed three magnificent sections of the veil nebula (the remains of an exploded supernova). These images show detailed views of this structure which resulted from a cosmic explosion. The Veil Nebula is one of the most spectacular supernova remnants in the sky. The entire shell spans about three degrees on the sky, corresponding to about six full moons. Just because we can’t see it with the naked eye doesn’t mean it doesn’t exist. Time and science have turned faith into sight. Eternity will turn all we have accepted by faith regarding the cosmos into sight. It will be evident to the eye that “All things were created through Him and for Him” (Colossians 1:16).
