

THE "HE" OF CREATION

HE HAS MADE THE WORLD BY HIS POWER

HE HAS ESTABLISHED THE WORLD BY HIS WISDOM

HE HAS STRETCHED OUT THE WORLD AT HIS DISCRETION

Jeremiah 10:12

God is omnipotent and can make what He wants. God is omniscient and can make it any way He wants. God is sovereign and can make it for whatever reason He wants. God used His power and wisdom to create and design a world for His pleasure and our good. In His sovereignty God created everything for His pleasure, including man. The height of folly is for man to deny God and glorify himself. To exchange God's truth of creation for the lie of evolution, is to worship the creature rather than the Creator. "Professing themselves to be wise, they became fools" (Romans 1:22).
